To Whom It May Concern:

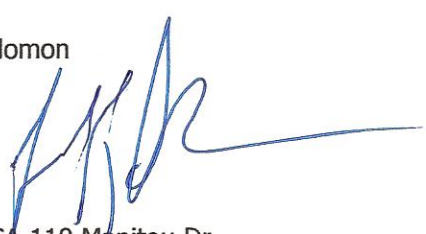

5D Computers, No Line Tel and Fibernetics Business Services

I highly commend the business and client focused relationship built with the team at 5D Computers, No Line Tel Corp and Fibernetics Business Services. From our initial business meeting install process, software & phone set training and consistent follow up; the experience was hassle free professional and has efficiently equipped my company with a brilliant communication tool and solution for our business needs.

Installation was seamless. The voice and sound quality is clear; I have consistent, easy and direct contact to all my clients without having to be at my office. This system finds and follows ME! We have only begun to tap into its potential; the features are intelligent and cater to customer consideration an integral characteristic a business owner should always consider.

I can confidently recommend 5D Computers, No Line Tel Corp and Fibernetics Business Services. They are a solid and reliable team of professionals and experts in their field.
