Robert Bowman
OK Tire Stores (Elmira)

This is a letter of appreciation and recommendation for Joe Kudoba of NoLineTel and their Fibernetics Digital PBX Telephone System.

I agreed to meet with Joe in November of 2009 to discuss our business telephone needs. Joe asked to analyze our telephone costs and business processes. After learning about the benefits and savings that could be realized by purchasing a Fibernetics Digital PBX, I decided to proceed.

I've now had the PBX in place at my shop since such time, and am completely satisfied with the performance of the system, not to mention the amount of money my business is saving.

If you're considering a Fibernetics Digital PBX Telephone System for your business, I highly recommend working with Joe and his NoLineTel team to see what this solution can do for your business!

Sincerely,

Robert Bowman
